COMPRESSORtech2 targets gas compression products, systems and technologies from the wellhead to city gate. This includes midstream, upstream and downstream gas compression applications. Its subscribership targets the people who operate, design and service the products and systems utilized by the global gas compression industry.

FIELD SERVED

COMPRESSORtech2 serves gas transmission pipeline compressor operations, natural gas production, and gas gathering; manufacturing compressors, natural gas processing plant operations, and natural gas storage; manufacturing or packaging compression sets and systems; manufacturing motors, natural gas (LNG) or dual-fuel engines; manufacturing gas turbines, steam turbines, and gas expanders; consulting engineers or contractors; chemical or petrochemical processing; distributing, servicing and overhauling engines and compressors; aftermarket and manufacturing (OEMs) of industrial power transmission products and compressor components, accessories and control systems including lubricants, emissions, instrumentation, testing and analyzing equipment; research & development, technical support organizations, technical universities and libraries; and students.

DEFINITION OF RECIPIENT QUALIFICATION

Qualified recipients include engineering, production/purchasing, operating/maintenance, administrative/marketing personnel, company copies and other functions and functions not available.
